parked all over the grounds and sent forward as reserves are called for. Our stocks of oats, wheat, rye, clover and straw, has been taken for the army, and nearly all the livestock. Heavy caissons are brought from the railway station four miles away, with great stocks of ammunition, and set up ready to go forward. We are on best macadamized road run-ning direct from Warsaw to Berlin, so that this road is chosen as the principal artillery thoroughfare for

BRAVES CINCH THIRD PLACE.

Started Rise From Cellar July 17th—Dodgers Look Good.

The Braves, who, on July 17 started their rise from the cellar, are now undisputed holders of the third place in the National league. The team is headed by Brooklyn and Philadelphia. On July 29, last year, the Braves were 11 games behind the leaders—the New Yorks. The team was in fourth place, with Chicago second and St. Louis third. Philadelphia was in sixth place. While Mr. Stallings was late in starting his sprint he has a rauch better lead at this time this season than he had last year at the same time. Of course it must be admitted that Stallings is up against the real thing in Mr. Moran of the Phillies, and has got to keep steam up all the time. Taking into consideration that there are many ups and downs in baseball and that Moran's outfit is just as Hable to slump as they are to keep up the pace, while the Dodgers are only a little better than a four to one shot, it may be reasonable to expect the Braves to climb even nearer the top, while the Giants, has certainly got his aggregation going at top speed and his making a very strong bid to land in pennantylile.

Taking into consideration of the industrials because the same time of come shot, it may be reasonable to expect the Braves to climb even nearer the top, while the team yet has at least one chance out of four of copping the flag.

Wilbur Robinson, former with the Giants, has certainly got his aggregation going at top speed and his making a very strong bid to land in pennantylile.

Fractic fluctuations and expectations from the exceptional figures of the two preceding days, amounting to \$50,000 shares.

Cleveland Horse Outfoots the Greatest Field of Trotters - Ever Started in Merchants and Manufacturers' Classic -Other Events in Grand Circuit Meeting Were Very Close.

Detroit, July 80.—Lee Arworthy, owned by the Pastime stables of Cleveland, and driven by William Andrews, this afternoom wonshe twenty sixth renewal of the Merchants and Manufacturers slighted the starter in this classic. Raised from the 224 to the 236 class the stake brought out a dozen of the best horses in training, but Lee Arworthy outfooted the lot and took the race in straight heats. Incidentally he had to sat a new record of 2.04 2-4 for the stake to beat Peter Scott, who was the chief contender all the way.

While the M. & M. was the feature of the week's grand circuit programme, there were two heats in other events today in which the finishes were so-close the judges with the first heat of the M. Seven horses came into the stretch abreest, but Peter Scott and Lee Axworthy drew away in the last eighth and were fighting out alone at the wire, andrews' horse showing a head in front. In the second heat Peter Scott led to within a hundred yards of the finish. Then Andrews, who had held Lee Axworthy back in the bunch, came with a rush and in nosting out another win, broke the old stake record of 2.06 1-2.

Shuler, owner of Peter McCormick, dissatisfied with his horse's showing in the first two heats, displaced Valentine in the third start and led the field to the three-quarter pole. The pace was too swift, however, and Andrews and Murphy again drew away another thrilling finish, the son of Guy Axworthy winning by about the same margin as in the other heats.

MARKET DEALINGS CAUTIOUS. There Was Less Extravagant Speculation in War Issues.

New York, July 30.—Trading in the stock market today was characterized by less extravagant speculation in war issues. Yesterday's strong reaction caused traders to proceed more caucaused traders to proceed more cau-tiously and the outside demand fell off. The instability of these stocks at the high level established on the week's bulge was shown by their er-ratic fluctuations today. For the most part they held under the high records made yesterday.
